PRICE TWO CENTS

A Shattered Nervous System. FINALLY HEART TROUBLE.

Restored to Health by Dr. Miles' Nerve.

MR. EDWARD HARDY, the jolly manager of Sheppard Co's. great store at Brackville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nerve. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

STRENGTH OF ARMY

President McKinley Says It Is Impossible to Further Reduce It.

GEN. BROOKE PROTESTS

Against a Reduction of Forces in Porto Rico or Exchange of Regiments in the Island For Unacclimated Troops—Present Force Necessary as a Precautionary Measure Until Peace Is Settled.

Washington, Oct. 1.—Representative Cannon of Illinois, with M. G. Maloney of Ottawa and Rev. Mr. Lewis of Joliet called on president yesterday and made a strong request to have the Third Illinois regiment, now in Porto Rico, mustered out of service. The president was unable to take this action, however. He said he wished he were able to have all the volunteers mustered out of service, but to comply with the frequent representations being made now would endanger the safety of the country. He said it was impossible to reduce at this time the strength of the army in the islands, that General Brooke had vigorously protested against any further reduction of force or against exchanging regiments on account of necessity of acclimatization. He said the sick were being brought back promptly from Porto Rico, and that the policing of the Philippines and the two great islands at our doors, Cuba and Porto Rico, as well as the measures of precaution made necessary in an emergency like the present, pending the actual accomplishment of peace, required the preservation of the present forces for a time.

REAR ADMIRAL SICARD.

Retired From the Navy Under the Age Limit.

Washington, Oct. 1.—Rear Admiral Montgomery Sicard, president of the board charged with the promotion of officers distinguished for gallantry during the late war, was retired yesterday, having reached the age of 62 years. Secretary Long has, however, by special order, directed that the officer retain his place at the head of the promotion board. Owing to the legal limitation of the number of rear admirals in the navy, the retirement of Admiral Sicard yesterday will not produce the usual promotions down the line. The number fixed by law is six, except where promotions to be rear admiral are the result of the thanks of congress. The latter constitute an excess number during the life of the incumbents, permitting the use of the vacancy of any of the other six, and Admiral Dewey was promoted in this way. The promotions of Admirals Sampson and Schley raised the number of rear admirals to nine, and no vacancies can be filled until the number is reduced to six, exclusive of Admiral Dewey. Admiral Matthews will be retired on Oct. 24, and Admiral Miller on Nov. 22.

GENERAL LEE.

Public Men Interest Themselves in Having Him Sent to Havana.

Washington, Oct. 1.—Major General Fitzhugh Lee was at the war department yesterday. If there is no pressure for his immediate return to Jacksonville he intends to spend a few days in the Virginia mountains upon the recommendation of his physician. General Lee has been suffering somewhat from malaria. There seems to be no doubt in official circles that General Lee is scheduled to go to Cuba.

Some question has arisen, however, as to the point in Cuba that he will occupy. Quite a number of public men.

Love is crowned triumphant.

only in the home where a baby completes the tie of matrimony. A child's marriage cannot be a happy one. It takes the final tie of a baby to bind two souls together in marriage for better or for worse.

Without this final tie a wedded couple lack the indissoluble interest that makes daily self-sacrifice not only a possibility, but a pleasure.

There are to-day thousands of homes all over the country that were once childless and unhappy, but that today echo with the laughter of happy babyhood, as a result of a marvelous medicine, known as Dr. Pierce's Favorite Prescription. This is the greatest of all medicines for women who suffer from weakness and disease of the delicate and important organs that bear the burdens of maternity. It makes them healthy, strong, vigorous and elastic. It makes them pure and clean. It cures inflammation, heals ulceration, soothes pain and tones and builds up the shattered nerves. It banishes the discomforts of the expectant period, and makes baby's coming easy and almost painless. It insures the little new-comer's health, and a bountiful supply of nourishment. It transforms weak, sickly, nervous invalids into happy, healthy mothers. An honest dealer will not urge an inferior substitute upon you.

"I am now a happy mother of a fine healthy baby girl," writes Mrs. F. B. Cannings, of No. 430 Humphrey Street, St. Louis, Mo. "I feel that your Favorite Prescription has done more good than anything I have ever taken. Three months previous to my confinement I began using it. I was only in labor forty-five minutes. With my first baby I suffered 18 hours of agony and had two miscarriages. The 'Favorite Prescription' saved both my child and myself."

and it is probable that General Lee himself, would prefer that his command go to Havana. There is some sentiment in the matter, and many persons have expressed the hope that as Blanco marches out that General Lee might march into the city. A number of men in official life have already interested themselves in this subject and will urge the president to issue his orders for the occupation of Cuba with this end in view.

CAMP WIKOFF.

General Shafter Still Confined to His Bed—Number of Hospital Patients.

New York, Oct. 1.—General Shafter is still in bed at the clubhouse at Camp Wikoff, not having recovered from the Santiago fever. While not able to be about, he is able to issue orders and manage the camp as though he was visiting the different regiments. General Shafter will remain at the camp until the middle or end of next week.

There are 175 patients in the general hospital and four in the detention hospital. Twenty-five were sent to New York yesterday and the same number will be sent daily until the sick remaining in camp will be those who cannot stand a journey.

Deaths at Chickamauga.

Washington, Oct. 1.—General Boynton, commanding at Chickamauga park, sent the following dispatch to Washington last evening: "Replying to request of secretary of war, surgeons at camp report total number of deaths in camp from arrival of regulars, April 14, to date, 428 volunteers and one regular. Of this number 14 were deaths from accident. These figures also include deaths in the Chattanooga hospitals."

Colonel Bryan.

Washington, Oct. 1.—Colonel William J. Bryan was able to leave his room yesterday.

MORE TROOPS.

Spain Orders Seven Batteries of Artillery to the Philippines.

Madrid, Oct. 1.—The Spanish ministers have decided to protest to Washington against the refusal of the Americans to permit Spanish troops to be sent to the Vizayas, while, it is claimed, the insurgents are constantly receiving arms and cannon with which to attack other islands, "which the Americans permit, without even pretending to intervene." The Spanish cabinet will acquaint its Paris commissioners with these contentions, in order that they may be used in the peace negotiations.

It is also announced that the government will inform the authorities at Washington that it has decided to send reinforcements to the Vizayas and it has ordered seven batteries of artillery in Andalusia to get ready to start for the Philippine islands in 24 hours.

FLOCKING TO PORTO RICO.

American Business Men Seeking Markets and Looking For Business Chances.

San Juan, Island of Porto Rico, Oct. 1.—The American troops now occupy fully two-thirds of the island. The Spanish line, running in a semicircle south of San Juan, is narrowing daily and the Spaniards are receding toward the capital.

American business men are flocking here, seeking for markets or looking for business chances. They are investigating the prevailing conditions; but, the island is not yet ripe for business operations of any great importance and many of them are returning, disappointed, to their homes.

Rumors of outlawry in the western part of the island continue, including the burning of houses and the maiming of cattle.

MODEL HOSPITALS.

As What General Sanger Wants Those a Camp Hamilton to Be.

Washington, Oct. 1.—General Sanger has held a conference with all the division, brigade, regimental and line officers. The conference had no special significance, save that the general desired to get better acquainted with the officers who are to carry out his orders. General Sanger told them that he wanted their fullest co-operation in trying to make Camp Hamilton and its division hospital models of their kind.

Comdt Yermeloff, military attaché of the Russian embassy at Washington, has arrived at Camp Hamilton and will inspect it for his government.

At the division hospital there are 535 sick, including 200 cases of typhoid fever.

Movement of Troops South.

Camp Meade, Pa., Oct. 1.—The movement of the troops from this camp to the south will begin Oct. 15 and will be pushed rapidly. Secretary Alger is anxious to have them away before cold weather sets in.

HENRY GEORGE

Nominated For Governor of New York by Chicago Platform Democrats.

New York, Oct. 1.—At a meeting of the Chicago Platform Democrats last night Henry George, the son of the single tax advocate, was nominated to head an independent Democratic ticket. The nomination of Elliott F. Danforth for lieutenant governor by the regular Democratic convention at Syracuse was endorsed. The other candidates nominated are as follows: Secretary of state, Gideon J. Tucker; comptroller, J. McDonough; Albany; treasurer, M. C. Cato; Buffalo; attorney general, O. P. Snyder; Buffalo; engineer and surveyor, General James A. Lee, Rockland county.

man of Ohio and the second William B. Day of the same state. The oath of office was administered by Justice Harlan of the supreme court.

On leaving the white house Mr. Hay went to the department of state and entered actively into the discharge of the duties of his new office, receiving the heads of bureaus, clerks and other employees of the department, in many cases renewing acquaintances formed when he was assistant secretary of state many years ago.

Although no appointment has been made, it seems to be settled that Spencer Eddy, who was Mr. Hay's secretary in London, will be his private secretary in the state department.

HANNA INTERVIEWED

On the Disposition to Be Made of the Philippine Islands.

SPAIN MUST GIVE THEM UP.

The Senator Believed to Have Represented President McKinley's Views on the Subject—"We Are Not Paying Money For or Buying Territory Which We Now Control."

Washington, Oct. 1.—Senator Hanna last evening submitted to an interview on the Philippine question, which is believed to represent the president's views on the same subject. It is, in part: "I do not know what the instructions given to our peace commissioners are," said the senator, "but so far as concerns the negotiations, which will be instituted in Paris today, I can see no other result than that Spain will have to relinquish her sovereignty over not only Luzon island, but the entire Philippine archipelago. Spain has no reason to expect to retain any portion of the group. She went into the war and lost, and now ought to be prepared to suffer all the consequences which such a defeat implies. I regard the Philippines as lost to Spain, and that being a foregone conclusion, in my opinion, the problem which next confronts us relates to the form of government which we will give the islands.

"Aside from the fact that the general sentiment of the country seems to be against returning any of the islands to Spain, the United States is under obligations to the insurgents to establish a stable and enlightened form of government throughout the entire archipelago. When the war broke out the Philippine insurgents became, in a certain sense, the allies of the Americans, and it therefore is our moral duty to see to it that in the future they will be assured safe and civilized rule, and until the United States determines in just what manner the Philippines ultimately shall be governed, we necessarily will have to consider the Philippines our wards.

Transitional Period.

"During this transitional period the United States will be called upon to exercise a primitive, or rather arbitrary, form of control over the islands and continue it until congress finally evolves a system of government."

Whether the Philippines will become an independent nation or a colony of the United States, or whether a long time American protectorate will be established will be a subject for congress to decide.

"It is well understood that Spain must abide by the verdict of our peace commissioners, whatever that may prove to be, for she is in no fit condition to renew the conflict which has resulted so disastrously to her. She has no reason to expect that our commissioners will agree to any proposition which contemplates the continuation of Spanish control over any part or all of the group.

Regarding the reports which come from Paris that one of Spain's propositions to our commissioners will be that the United States pay her \$400,000,000 for the relinquishment of the Philippines, Senator Hanna said significantly: "We are not paying money for or buying territory which we now control."

TRADE CONDITIONS

As Reported by Bradstreet Are Rather Quiet.

New York, Oct. 1.—Bradstreet today says: Though rather quieter conditions are reportable in a number of lines of trade, the volume of business doing the country over is a very heavy one, slightly smaller, so far as bank clearings would indicate, than in September one year ago, but comparing very favorably with corresponding periods in all preceding years.

While the edge appears to have been taken off the active demand for some time noted in the west and northwest, and the imposition of yellow fever quarantines and the low price of cotton in the south have hurt trade in that section, there have been, on the other hand, rather better reports received from the leading eastern and middle state cities, pointing to a fuller development of the long expected fall trade.

Accompanying this slight shifting of activity from one section of the country to the other has been a continued heavy export movement of leading cereals, unprecedented activity in the manufacture of nearly all lines of iron and steel and continued good reports as to gross railway earnings, comparisons in this respect, it being remembered, being made with particularly favorable conditions one year ago. Rather less pronounced strength is noticeable in the price situation. Wheat, after quite a heavy bulge early in the week on undoubtedly good export demand, foreign buying and nervousness of September shorts, has quieted down slightly and prices are a few cents lower on the week, the result mainly of increased deliveries by farmers taking advantage of the tempting premium existing for cash wheat.

The withdrawal of Judge Hackney from the democratic state ticket has emboldened the committee more than they expected. Their trials are getting burdensome.

Joe Chamberlain says there are seventy millions of us and that we are able to take care of ourselves. If Joe is not careful he will involve himself in a controversy with the present leaders of the democratic party.

MAJOR LEE, our candidate for congress, made a great speech at the soldiers' meeting Friday afternoon, completely capturing his audience. During his visit here this week he has met hundreds of people and made many new friends.

The free silver forces in New York have nominated a state ticket headed by Henry George, jr. The ticket nominated two days ago and headed by Judge Van Wyke is endorsed by the gold democrats who are more numerous in the Empire state than the 16 to 1 worshippers.

POLITICAL BREVITIES.

The republican county central committee held a meeting here Friday with District Chairman McNutt and Hon. John B. Cooner, candidate for state statistician. It was a business session and was well attended.

Next Monday the republicans of this judicial district will nominate a candidate for prosecuting attorney. Convention meets at Orleans.

Those parties, who a few weeks ago, began to find fault and criticize their government have been sat down upon so hard by the people generally that it is doubtful whether they can immediately recover. The people believe in their country which has attained first rank among the nations of the earth within the past few months. The man who denounces his government occupies dangerous ground.

Three Doctors in Consultation.

From Benjamin Franklin "When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best; to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get Dr. Incination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Incination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by C. W. Millhouse.

R. F. Walters, foreman of the Southern Indiana stone crusher came up to city today.

Rev. T. J. Tone and family, of New Washington, who have been here visiting their old friends have returned home.

WILLIAM ANDERSON, Manager.

THE RICH RUSSIAN.

He Has a Weakness For an Army of Family Servants.

We were a family of 8, occasionally of 10 or 12 says Prince Kropotkin in The Atlantic, but 50 servants at Moscow, and half as many more in the country, were considered not one too many. Four coachmen to attend a dozen horses, three cooks for the masters and two more for the servants, a dozen men to wait upon us at dinner time—one man, plate in hand, standing behind each person seated at the table—and girls innumerable in the maidservants' room, but how could any one do with less than this?

Besides, the ambition of every landed proprietor was that everything required for his household should be made at home by his "own" men.

"How nicely your piano is always tuned. I suppose Herr Schimmel must be your tuner?" one of the visitors would remark.

To be able to answer, "I have my own piano tuner," was in those times the correct thing.

"What beautiful pastry!" the guests would exclaim when a work of art, composed of ices and pastry, appeared toward the end of the dinner. "Confess, prince, that it comes from Tremble!" (the fashionable pastry cook).

"It is my own confectioner, a pupil of Tremble, whom I have allowed to show what he can do," was the reply which elicited general admiration.

To have embroideries, harnesses, furniture—in fact everything—made by one's "own" men was the ideal of the rich and respected landed proprietor.

The Professor's Wisdom.

The stern professor of the feminine preparatory school sat at his desk trying to unravel a knotty problem when a fluffy haired miss of 16 approached.

"Please, sir," she began in a tremulous voice, "will you grant me permission to go out riding with my brother this afternoon?"

Now, the old man had not forgotten the days of his youth, neither was he a fool, and looking over his spectacles he slowly said:

"So you want to go riding with your brother, do you? By the way, is this brother of yours any relation to you?" —Chicago News.

THE SEYMOUR STEAM LAUNDRY.

Our Street Fair Song.

We set the pace, and from one point Our banner shall not fall— We fling it to the breeze and reach Some higher than them all!

Our wagon flies round Seymour town Each hour of every day, Depositing and picking up All LAUNDRY on the way.

We do not boast, and still we say, Let business climb or fall— That of the laundries of the town THE SEYMOUR leads them all.

We've got the best machinery, With steadfast hands galore: We always make your linen shine Like seafoam on the shore.

And when it comes to quickness Let us here politely state, That we have hustled from the start, At a royal rapid gait.

We do not wear your garments out, Nor wash them out of line— Your pair of ten-cent socks don't get A shade of work less fine—

Than your embroidered linen, Regardless of the quandy Some folks are in who yawn and yell Against the SEYMOUR LAUNDRY

So when our free street fair is o'er Don't fling this to the dirt; But keep it so that you may know The place to send your shirt.

Judicial Convention.

By order of the republican county chairmen of Jackson, Orange and Washington counties, which compose the 42d judicial district, the judicial delegates of each of those counties are hereby notified and requested to meet at Orleans, Oct. 5 at 1 p. m. for the purpose of nominating a prosecuting attorney and to transact such other business as may properly come before said judicial convention.

D. H. WATKINS, Chair. J. C.
AARON MARIS, Chair. O. C.

The withdrawal of Judge Hackney from the democratic state ticket has embarrassed the committee more than they expected. Their trials are getting burdensome.

Joe Chamberlain says there are seventy millions of us and that we are able to take care of ourselves. If Joe is not careful he will involve himself in a controversy with the present leaders of the democratic party.

Major Lee, our candidate for congress, made a great speech at the soldiers' meeting Friday afternoon, completely capturing his audience. During his visit here this week he has met hundreds of people and made many new friends.

The free silver forces in New York have nominated a state ticket headed by Henry George, jr. The ticket nominated two days ago and headed by Judge Van Wyke is endorsed by the gold democrats who are more numerous in the Empire state than the 16 to 1 worshippers.

POLITICAL BREVITIES.

The republican county central committee held a meeting here Friday with District Chairman McNutt and Hon. John B. Coover, candidate for state statistician. It was a business session and was well attended.

Next Monday the republicans of this judicial district will nominate a candidate for prosecuting attorney. Convention meets at Orleans.

Those parties, who a few weeks ago, began to find fault and criticize their government have been sat down upon so hard by the people generally that it is doubtful whether they can immediately recover. The people believe in their country which has attained first rank among the nations of the earth within the past few months. The man who denounces his government occupies dangerous ground.

"How nicely your piano is always tuned. I suppose Herr Schimmel must be your tuner?" one of the visitors would remark.

To be able to answer, "I have my own piano tuner," was in those times the correct thing.

"What beautiful pastry!" the guests would exclaim when a work of art, composed of ices and pastry, appeared toward the end of the dinner. "Confess, prince, that it comes from Tremble!" (the fashionable pastry cook).

"It is my own confectioner, a pupil of Tremble, whom I have allowed to show what he can do," was the reply which elicited general admiration.

To have embroideries, harnesses, furniture—in fact everything—made by one's "own" men was the ideal of the rich and respected landed proprietor.

The Professor's Wisdom.

The stern professor of the feminine preparatory school sat at his desk trying to unravel a knotty problem when a fluffy haired miss of 16 approached.

"Please, sir," she began in a tremulous voice, "will you grant me permission to go out riding with my brother this afternoon?"

Now, the old man had not forgotten the days of his youth, neither was he a fool, and looking over his spectacles he slowly said:

"So you want to go riding with your brother, do you? By the way, is this brother of yours any relation to you?"

THE SEYMOUR STEAM LAUNDRY.

Our Street Fair Song.

We set the pace, and from our point
Our banner shall not fall—
We fling it to the breeze and reach
Some higher than them all!

Our wagon files round Seymour town
Each hour of every day,
Depositing and picking up
All LAUNDRY on the way.

We do not boast, and still we say,
Let business climb or fall—
That of the laundries of the town
THE SEYMOUR leads them all.

We've got the best machinery,
With steadfast hands galore;
We always make your linen shine
Like seafoam on the shore.

And when it comes to quickness
Let us here politely state,
That we have hustled from the start
At a royal rapid gait.

We do not wear your garments out.
Nor wash them out of line—
Your pair of ten-cent socks don't get
A shade of work less fine—

Than your embroidered linen.
Regardless of the laundry
Some folks are in who yawn and yell
Against the SEYMOUR LAUNDRY

So when our free street fair is o'er
Don't fling this to the dirt;
But keep it so that you may know
The place to send your shirt

The Seymour Cash Steam Laundry
That's the laundry here for me.
On Tipton street at one sixteen

THE LAST DAY

THE STREET FAIR WILL END TO NIGHT

Has been Remarkably Successful though Rain has Interfered the Last Two Day.—More of the Award.

This evening will close a remarkably successful street fair in this city. Despite the rain of yesterday, the crowd was large and in the evening the better weather permitted the shows on the large stages to be given and these were witnessed by large crowds.

The soldiers' meeting held in the opera house was well attended and was a great success. The addresses made were timely and patriotic, and were well received. At the close a collection amounting to about \$12 was taken to be applied toward the erection of a monument to the memory of the soldiers and marines of the late Spanish war. The large flag offered for the Grand Army post having the largest delegation here, was captured by the Isham Kieth post, of Columbus.

This morning, the day began with a steady down-pour of rain, but toward noon, the clouds began to break away, and this afternoon the streets are being thronged with people who have come to witness the close of this very successful street fair. The incoming evening trains will doubtless swell the number in attendance, and make the close of the fair a brilliant success. The flag drill will occur at 6:30 this evening, in which every one is requested to join with a flag. After the shows of the evening, the fair will close with a grand lantern parade about 10 o'clock. Great credit is due to the untiring efforts of the committees who have had charge of the fair, for the splendid success which has been accomplished.

Alligators at Large.

A few days ago C. W. Milhous had three alligators sent to him from the Florida coast. They were fine specimens, one of them about three feet in length. Charley was proud of his pets and put them on exhibition at his booth this week. Their comeliness from the alligator standpoint attracted much attention and comment during the week. But to them life was not worth the living in a show case so they "flew the coop" last night and are now supposed to be roaming the streets and evading the police. Mr. Milhous will not be responsible for any children they may devour in their rounds.

SERIES O.

Stock Should be Taken at Once in the New Series Starting Next Monday.

Next Monday is the time for the starting of Series "O" of the Cooperative Building and Loan Association stock. All who desire stock in the association should see the secretary, W. F. Peter, at once. There is no better way in which small amounts may be saved regularly. Not only is the money saved, but it is placed on interest, from the time it is paid into the association, and this helps to increase the savings. Every stockholder in the association shares in the profits of the business in the exact proportion of the value of the stock which he holds. Then the fact that the savings are in small amounts and regularly every week, makes it possible for any one easily to accumulate a snug little sum in a few years for the purchase of a home, or investment in business. Many a man has been enabled to purchase and pay for a home through the building association, who would not otherwise have done so. The two series of this association that have matured have done so in less than six years. The total amount of money paid in on these shares including the membership fees was about \$78 and the value of the shares at the end of the time in one series was \$100.40 and in the other, \$100.25, making the profit on the money invested for the quoted time nearly 10 per cent per year. If you want a part of this investment, see W. F. Peter, the secretary at once. Series "O" starts Monday.

Our little boy was afflicted with rheumatism in his knee; and at times unable to put his foot to the floor. We tried in vain, everything we could hear of that we thought would help him. We almost gave up in despair, when some one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave so much relief that we got a second one, and, to our surprise, it cured him sound and well.—J. T. Bays, Pastor Christian Church, Neodesha, Kan.—For Sale by C. W. Milhous.

HIGH SCHOOL ITEMS.

About half of the teachers of Redding township are graduates of the Seymour High School.

Of the non-residents in the High School this year Redding township furnishes thirteen and it is a "Lucky" number.

The work this week has gone on as usual in spite of the free street fair. By shortening the periods all lessons were heard in the forenoons after Monday.

Those who remained at their posts have strengthened themselves while those who deserted have lost what can not be regained.

The literary exercises were given Friday as usual. Several visitors were present. The Patriot was true to its name and the exercises were creditable. The talk on the "Best Features of the Street Fair" deserves special mention.

SEYMOUR INSTRUCTIONS.

It was in an aristocratic Hyde Park home. The well trained English butler had left, and the newly engaged man, a Swede, was in process of breaking in. Callers came, and he took the cards to his mistress in his ungloved hands, leaving the silver card tray resting quietly in the hall.

"When you bring things in here, Swenson," said she, "use the tray. It is not proper to bring them in your hands."

"Yaas," he replied. Mrs. H. Park had a new toy terrier. The guests wished to see it, and she sent for Swenson to fetch it.

Soon there was a succession of staccato yelps and whines. The door opened, a very red faced Swenson appeared with the silver tray in his left hand and a tiny dog terrier held firmly down on it with the other.—London Globe.

An Old Friend.

A gentleman, while traveling on a certain railway, got out at a station where the train stopped for a few minutes and entered the refreshment room. His eyes resting on a basket containing buns, he suddenly burst into tears. The sympathetic attendant gently asked him what was the matter and elicited the following touching explanation: "Pray excuse my emotion. Two years ago I was traveling on this line on my honeymoon. My wife came into this refreshment room and scratched our initials on a bun which I see in this basket. I beg you to let me have it as a tender souvenir. Here is half a dollar."—New York Ledger.

The Editor's Protest.

The editor of The Clarion was a very patient man. A startling crash from the direction of the composing room caused him to push his spectacles upon his brow and cease writing. When he found that the boy had let the first page form fall on the floor, where it lay in an incoherent mass, he shook his head reproachfully and exclaimed: "Lemuel, I do wish that you could manage to break the news more gently."—Washington Star.

More Solemn Still.

"It is a solemn thing," said the young man, "when a woman trusts a man with her affections." "It ain't as solemn," said the man with the dry goods necktie, "as when she won't trust him with his own wages."—Indianapolis Journal.

Alligators at Large.

A few days ago C. W. Milhouse had three alligators sent to him from the Florida coast. They were fine specimens, one of them about three feet in length. Charley was proud of his pets and put them on exhibition at his booth this week. Their comeliness from the alligator standpoint attracted much attention and comment during the week. But to them life was not worth the living in a show case so they "flew the coop" last night and are now supposed to be roaming the streets and evading the police. Mr. Milhouse will not be responsible for any children they may devour in their rounds.

SERIES O.

Stock Should be Taken at Once in the New Series Starting Next Monday.

Next Monday is the time for the starting of Series "O" of the Coopers' Building and Loan Association stock. All who desire stock in the association should see the secretary, W. F. Peter, at once. There is no better way in which small amounts may be saved regularly. Not only is the money saved, but it is placed on interest, from the time it is paid into the association, and this helps to increase the savings. Every stockholder in the association shares in the profits of the business in the exact proportion of the value of the stock which he holds. Then the fact that the savings are in small amounts [and regularly] every week, makes it possible for any one easily to accumulate a snug little sum in a few years for the purchase of a home, or investment in business. Many a man has been enabled to purchase and pay for a home through the building association, who would not otherwise have done so. The two series of this association that have matured have done so in less than six years. The total amount of money paid in on these shares including the membership fees was about \$78 and the value of the shares at the end of the time in one series was \$100.40 and in the other, \$100.25, making the profit on the money invested for the quoted time nearly 10 per cent per year. If you want a part of this investment, see W. F. Peter, the secretary at once. Series "O" starts Monday.

Our little boy was afflicted with rheumatism in his knee; and at times unable to put his foot to the floor. We tried in vain, everything we could hear of that we thought would help him. We almost gave up in despair, when some one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave so much relief that we got a second one, and, to our surprise, it cured him sound and well.—J. T. Bays, Pastor Christian Church, Neodesha, Kan.—For Sale by C. W. Milhouse.

HIGH SCHOOL ITEMS.

About half of the teachers of Redding township are graduates of the Seymour High School.

Of the non-residents in the High School this year Redding township furnishes thirteen and it is a "Lucky" number.

The work this week has gone on as usual in spite of the free street fair. By shortening the periods all lessons were heard in the forenoon after Monday.

Those who remained at their posts have strengthened themselves while those who deserted have lost what can not be regained.

The literary exercises were given Friday as usual. Several visitors were present. The Patriot was true to its name and the exercises were creditable. The talk on the "Best Features of the Street Fair" deserves special mention. O.

Pianos and Organs

It will be well worth your while to call at S. V. Harding's during the week of the great free street fair, and examine the finest line of pianos and organs ever shown in this city. 1w

It was in an aristocratic Hyde Park home. The well trained English butler had left, and the newly engaged man, a Swede, was in process of breaking in. Callers came, and he took the cards to his mistress in his ungloved hands, leaving the silver card tray resting quietly in the hall.

"When you bring things in here, Swenson," said she, "use the tray. It is not proper to bring them in your hands."

"Yaas," he replied. Mrs. H. Park had a new toy terrier. The guests wished to see it, and she sent for Swenson to fetch it.

Soon there was a succession of staccato yelps and whines. The door opened, a very red faced Swenson appeared with the silver tray in his left hand and a tiny dog terrier held firmly down on it with the other.—London Globe.

An Old Friend.

A gentleman, while traveling on a certain railway, got out at a station where the train stopped for a few minutes and entered the refreshment room. His eyes resting on a basket containing buns, he suddenly burst into tears. The sympathetic attendant gently asked him what was the matter and elicited the following touching explanation: "Pray excuse my emotion. Two years ago I was traveling on this line on my honeymoon. My wife came into this refreshment room and scratched our initials on a bun which I see in this basket. I beg you to let me have it as a tender souvenir. Here is half a dollar."—New York Ledger.

The Editor's Protest.

The editor of The Clarion was a very patient man. A startling crash from the direction of the composing room caused him to push his spectacles upon his brow and cease writing. When he found that the boy had let the first page form fall on the floor, where it lay in an incoherent mass, he shook his head reproachfully and exclaimed: "Lemuel, I do wish that you could manage to break the news more gently."—Washington Star.

More Solemn Still.

"It is a solemn thing," said the young man, "when a woman trusts a man with her affections." "It ain't as solemn," said the man with the dry goods necktie, "as when she won't trust him with his own wages."—Indianapolis Journal.

A Shattered Nervous System.
FINALLY HEART TROUBLE.
Restored to Health by Dr. Miles' Nervine.

MR. EDWARD HARDY, the jolly manager of Sheppard Co.'s great store at Bracerville, Ill., writes: "I had never been sick a day in my life until in 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nervine. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

President McKinley Says It is impossible to Further Reduce It.

GEN. BROOKE PROTESTS

Against a Reduction of Forces in Porto Rico or Exchange of Regiments in the Island For Unacclimated Troops—President Force Necessary as a Precautionary Measure Until Peace is Settled.

Washington, Oct. 1.—Representative Cannon of Illinois, with M. G. Maloney of Ottawa and Rev. Mr. Lewis of Joliet called on president yesterday and made a strong request to have the Third Illinois regiment, now in Porto Rico, mustered out of service. The president was unable to take this action, however. He said he wished he were able to have all the volunteers mustered out of service, but to comply with the frequent representations being made now would endanger the safety of the country. He said it was impossible to reduce at this time the strength of the army in the islands, that General Brooke had vigorously protested against any further reduction of force or against exchanging regiments on account of necessity of acclimatization. He said the sick were being brought back promptly from Porto Rico, and that the policing of the Philippines and the two great islands at our doors, Cuba and Porto Rico, as well as the measures of precaution made necessary in an emergency like the present, pending the actual accomplishment of peace, required the preservation of the present forces for a time.

REAR ADMIRAL SICARD.

Retired From the Navy Under the Age Limit. Washington, Oct. 1.—Rear Admiral Montgomery Sicard, president of the board charged with the promotion of officers distinguished for gallantry during the late war, was retired yesterday, having reached the age of 62 years. Secretary Long has, however, by special order, directed that the officer retain his place at the head of the promotion board.

Owing to the legal limitation of the number of rear admirals in the navy, the retirement of Admiral Sicard yesterday will not produce the usual promotions down the line. The number fixed by law is six, except where promotions to be rear admiral are the result of the thanks of congress. The latter constitute an excess number during the life of the incumbents, permitting the use of a vacancy of any of the other six, and Admiral Dewey was promoted in this way. The promotions of Admirals Sampson and Schley raised the number of rear admirals to nine, and no vacancies can be filled until the number is reduced to six, exclusive of Admiral Dewey. Admiral Matthews will be retired on Oct. 24, and Admiral Miller on Nov. 22.

GENERAL LEE.

Public Men Interest Themselves in Having Him Sent to Havana. Washington, Oct. 1.—Major General Fitzhugh Lee was at the war department yesterday. If there is no pressure for his immediate return to Jacksonville he intends to spend a few days in the Virginia mountains upon the recommendation of his physician. General Lee has been suffering somewhat from malaria. There seems to be no doubt in official circles that General Lee is scheduled to go to Cuba. Some question has arisen, however, as to the point in Cuba that he will occupy. Quite a number of public men.

Love is crowned triumphant only in the home where a baby completes the tie of matrimony. A childless marriage cannot be a happy one. It takes the form of the final tie of a baby to bind two souls together in marriage for better or for worse. Without this final tie a wedded couple lack the indispensable interest that makes duty self-sacrifice not only a possibility, but a pleasure. There are to-day thousands of homes all over the country that were once childless and unhappy, but that to-day echo with the laughter of happy babyhood, as a result of a marvelous medicine, known as Dr. Pierce's Favorite Prescription. This is the greatest of all medicines for women who suffer from weakness and disease of the delicate and important organs that bear the burdens of maternity. It makes them healthy, strong and elastic. It makes them pure and virile. It always inflammation, breaks ulceration, soothes pain and tones and builds up the shattered system. It banishes the discomforts of the expectant period, and makes baby's coming easy and almost painless. It insures the little new-comer's health, and a bountiful supply of nourishment. It transforms weak, sickly, nervous invalids into happy, healthy mothers. An honest dealer will not urge an inferior substitute upon you.

"I am now a happy mother of a fine healthy baby girl," writes Mrs. F. C. Cummings, of No. 340 Humphrey Street, St. Louis, Mo. "I feel that your 'Favorite Prescription' has done me more good than anything I have ever taken. Three months previous to my confinement I began using it. I was only in labor forty-five minutes. With my first baby I suffered six hours then had to lose him. He was very delicate and only lived 12 hours. For two years I suffered untold agony and had two miscarriages. The 'Favorite Prescription' saved both my child and myself."

Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free letter of advice, and enclose 21 one-cent stamps, to cover mailing only, for a paper-covered copy of the "People's Common Sense Medical Adviser," or 31 stamps for a cloth-bound copy. A whole medical library in one 1000-page volume.

and it is probable that General Lee himself, would prefer that his command go to Havana. There is some sentiment in the matter, and many persons have expressed the hope that as Blanco marches out that General Lee might march into the city. A number of men in official life have already interested themselves in this subject and will urge the president to issue his orders for the occupation of Cuba with this end in view.

CAMP WIKOFF.

General Shafter Still Confined to His Bed—Number of Hospital Patients.

New York, Oct. 1.—General Shafter is still in bed at the clubhouse at Camp Wikoff, not having recovered from the Santiago fever. While not able to be about, he is able to issue orders and manage the camp as though he was visiting the different regiments. General Shafter will remain at the camp until the middle or end of next week.

There are 175 patients in the general hospital and four in the detention hospital. Twenty-five were sent to New York yesterday and the same number will be sent daily until the sick remaining in camp will be those who cannot stand a journey.

Deaths at Chickamauga.

Washington, Oct. 1.—General Boynton, commanding at Chickamauga park, sent the following dispatch to Washington last evening: "Replying to request of secretary of war, surgeons at camp report total number of deaths in camp from arrival of regulars, April 14, to date, 425 volunteers and one regular. Of this number 14 were deaths from accident. These figures also include deaths in the Chattanooga hospitals."

MORE TROOPS

Spain Orders Seven Batteries of Artillery to the Philippines.

Madrid, Oct. 1.—The Spanish ministers have decided to protest to Washington against the refusal of the Americans to permit Spanish troops to be sent to the Vizayas, while, it is claimed, the insurgents are constantly receiving arms and cannon with which to attack other islands, "which the Americans permit, without even pretending to intervene." The Spanish cabinet will acquaint its Paris commissioners with these contentions, in order that they may be used in the peace negotiations.

It is also announced that the government will inform the authorities at Washington that it has decided to send reinforcements to the Vizayas and it has ordered seven batteries of artillery in Andalusia to get ready to start for the Philippine islands in 24 hours.

FLOCKING TO PORTO RICO.

American Business Men Seeking Markets and Looking For Business Chances.

San Juan, Island of Porto Rico, Oct. 1.—The American troops now occupy fully two-thirds of the island. The Spanish line, running in a semicircle south of San Juan, is narrowing daily and the Spaniards are receding toward the capital.

American business men are flocking here, seeking for markets or looking for business chances. They are investigating the prevailing conditions; but, the island is not yet ripe for business operations of any great importance and many of them are returning, disappointed, to their homes. Rumors of outlawry in the western part of the island continue, including the burning of houses and the maiming of cattle.

MODEL HOSPITALS.

Is What General Sanger Wants Those a Camp Hamilton to Be.

Washington, Oct. 1.—General Sanger has held a conference with all the division, brigade, regimental and line officers. The conference had no special significance, save that the general desired to get better acquainted with the officers who are to carry out his orders. General Sanger told them that he wanted their fullest co-operation in trying to make Camp Hamilton and its division hospital models of their kind.

Count Yermoloff, military attaché of the Russian embassy at Washington, has arrived at Camp Hamilton and will inspect it for his government.

At the division hospital there are 535 sick, including 200 cases of typhoid fever.

Movement of Troops South.

Camp Meade, Pa., Oct. 1.—The movement of the troops from this camp to the south will begin Oct. 15 and will be pushed rapidly. Secretary Alger is anxious to have them away before cold weather sets in.

The other candidates nominated are as follows: Secretary of state, Gideon J. Tucker; comptroller, J. McDonough, Albany; treasurer, M. C. Caton, Buffalo; attorney general, Ole F. man of Ohio and the second William R. Day of the same state. The oath of office was administered by Justice Harlan of the supreme court.

On leaving the white house Mr. Hay went to the department of state and entered actively into the discharge of the duties of his new office, receiving the heads of bureaus, clerks and other employees of the department, in many cases renewing acquaintances formed when he was assistant secretary of state many years ago.

Although no appointment has been made, it seems to be settled that Spencer Eddy, who was Mr. Hay's secretary in London, will be his private secretary in the state department.

HANNA INTERVIEWED

On the Disposition to Be Made of the Philippine Islands.

SPAIN MUST GIVE THEM UP

The Senator Believed to Have Represented President McKinley's Views on the Subject — "We Are Not Paying Money For or Buying Territory Which We Now Control."

Washington, Oct. 1.—Senator Hanna last evening submitted to an interview on the Philippine question, which is believed to represent the president's views on the same subject. It is, in part: "I do not know what the instructions given to our peace commissioners are," said the senator, "but so far as concerns the negotiations, which will be instituted in Paris today, I can see no other result than that Spain will have to relinquish her sovereignty over not only Luzon island, but the entire Philippine archipelago. Spain has no reason to expect to retain any portion of the group. She went into the war and lost, and now ought to be prepared to suffer all the consequences which such a defeat implies. I regard the Philippines as lost to Spain, and that being a foregone conclusion, in my opinion, the problem which next confronts us relates to the form of government which we will give the islands.

"Aside from the fact that the general sentiment of the country seems to be against retaining any of the islands to Spain, the United States is under obligations to the insurgents to establish a stable and enlightened form of government throughout the entire archipelago. When the war broke out the Philippine insurgents became, in a certain sense, the allies of the Americans, and it therefore is our moral duty to see to it that in the future they will be assured safe and civilized rule, and until the United States determines in just what manner the Philippines ultimately shall be governed, we necessarily will have to consider the Philippines our wards.

Transitional Period.

"During this transitional period the United States will be called upon to exercise a primitive, or rather arbitrary, form of control over the islands and continue it until congress finally evolves a system of government. . . . Whether the Philippines will become an independent nation or a colony of the United States, or whether a long time American protectorate will be established will be a subject for congress to decide.

"It is well understood that Spain must abide by the verdict of our peace commissioners, whatever that may prove to be, for she is in no fit condition to renew the conflict which has resulted so disastrously to her. She has no reason to expect that our commissioners will agree to any proposition which contemplates the continuation of Spanish control over any part or all of the group.

Regarding the reports which come from Paris that one of Spain's propositions to our commissioners will be that the United States pay her \$100,000,000 for the relinquishment of the Philippines, Senator Hanna said significantly: "We are not paying money for or buying territory which we now control."

TRADE CONDITIONS

As Reported by Bradstreet Are Rather Quiet.

New York, Oct. 1.—Bradstreet today says: Though rather quiet conditions are reportable in a number of lines of trade, the volume of business doing the country over is a very heavy one, slightly smaller, so far as bank clearings would indicate, than in September one year ago, but comparing very favorably with corresponding periods in all preceding years.

While the edge appears to have been taken off the active demand for some time noted in the west and northwest, and the imposition of yellow fever quarantines and the low price of cotton in the south have hurt trade in that section, there have been, on the other hand, rather better reports received from the leading eastern and middle state cities, pointing to a fuller development of the long expected fall trade.

Accompanying this slight shifting of activity from one section of the country to the other has been a continued heavy export movement of leading cereals, unprecedented activity in the manufacture of nearly all lines of iron and steel and continued good reports as to gross railway earnings, comparisons in this respect, it being remembered, being made with particularly favorable conditions one year ago. Rather less pronounced strength is noticeable in the price situation. Wheat, after quite a heavy bulge early in the week on undoubtedly good export demand, foreign buying and nervousness of September shorts, has quieted down slightly and prices are a few cents lower on the week, the result mainly of increased deliveries by farmers taking advantage of the tempting premium existing for cash wheat.

Congressman John Baker Blind.

Bellefonte, Ill., Oct. 1.—Congressman John Baker is blind. After an active career, covering half a century, he must travel the remainder of the road with sightless eyes. At his age—he is 70—the doctors say there is no hope of a restoration of sight. This calamity has not fallen suddenly.

MINERS' TROUBLES

Train Held Up—Imported Negroes Are Shipped Back Into Indiana.

Tower Hill, Ill., Oct. 1.—Three hundred striking union miners from Pana yesterday held up a special Baltimore and Ohio Southwestern train conveying 50 Washington (Ind.) negro miners to Pana to take the place of union miners. The negroes were taken from the cars and compelled to walk back to Tower Hill, where they were locked in the depot until 10 o'clock last night. At that hour they were placed on an eastbound train and taken back to Indiana at the expense of the union.

The holdup of the train was perfectly executed and was a bold stroke on the part of the union miners. Engineer George Worsham of Pana was in charge of the train and, on being flagged, brought the train to a stop. The miners were all armed and masked. The engine was uncoupled and run a short distance, the engine men being kept under guard of guns. Masked men then entered the front doors of the train while their associates surrounded the coaches. The negroes were then marched out back doors and walked down the track to Tower Hill.

RESISTED ARREST

And the Marshal Shot John Scott, Killing Him Instantly.

Dycusburg, Ky., Oct. 1.—A quarrel occurred here between Dick White and John Scott, resulting in four serious knife wounds in White's neck. After the affair Marshal Waddleton made an attempt to arrest Scott, and on his resistance the marshal fired on him, the ball taking effect in Scott's forehead, causing instant death. The coroner's jury returned a verdict of justifiable killing. White's recovery is doubtful.

The flat had enough goods to stock a dry goods and notion store.

Judicial Convention.

By order of the republican county
chairmen of Jackson, Orange
and Washington counties, which com-
pose the 42d judicial district, the judi-
cial delegates at each of those counties
are hereby notified and requested to
meet at Orleans, Oct. 5 at 1 p. m. for the
purpose of nominating a prosecuting
attorney and to transact such other
business as may properly come before
said judicial convention.

H. C. HOSKINS, Chair. W. C.
D. H. WATKINS, Chair. J. C.
AARON MARIS, Chair. O. C.

The withdrawal of Judge Hackney
from the democratic state ticket has
embarrassed the committee more than
they expected. Their trials are getting
burdensome.

Joe Chamberlain says there are sev-
enty millions of us and that we are
able to take care of ourselves. If Joe
is not careful he will involve himself in
a controversy with the present leaders
of the democratic party.

MAJOR LEE, our candidate for con-
gress, made a great speech at the sol-
diers' meeting Friday afternoon, com-
pletely capturing his audience. During
his visit here this week he has met
hundreds of people and made many
new friends.

The free silver forces in New York
have nominated a state ticket headed
by Henry George, jr. The ticket
nominated two days ago and
headed by Judge Van Wyke is
indorsed by the gold democ-
rats who are more numerous in the
Empire state than the 16 to 1 wor-
shippers.

POLITICAL BRIEVITIES.

The republican county central com-
mittee held a meeting here Friday with
District Chairman McNutt and Hon.
John B. Coover, candidate for state
statistician. It was a business session
and was well attended.

Next Monday the republicans of this
judicial district will nominate a candi-
date for prosecuting attorney. Con-
vention meets at Orleans.

Those parties, who a few weeks ago,
began to find fault and criticize their
government have been sat down upon
so hard by the people generally that it
is doubtful whether they can immu-
distely recover. The people believe in
their country which has attained first
rank among the nations of the earth
within the past few months. The man
who denounces his government occu-
pies dangerous ground.

Three Doctors in Consultation.

From Benjamin Franklin
"When you are sick, what you like
best is to be chosen for a medicine in
the first place; what experience tells you
is best; to be chosen in the second place;
what reason (i. e., Theory) says is best
is to be chosen in the last place. But if
you can get Dr. Incination, Dr. Experi-
ence and Dr. Reason to hold a consulta-
tion together, they will give you the best
advice that can be taken."

When you have a bad cold Dr. Incina-
tion would recommend Chamberlain's
Cough Remedy because it is pleasant and
safe to take. Dr. Experience would re-
commend it because it never fails to
effect a speedy and permanent cure. Dr.
Reason would recommend it because it
is prepared on scientific principles, and
acts on nature's plan in relieving the
lungs, opening the secretions and re-
storing the system to a natural and health-
ful condition. For sale by C. W. Mil-
house.

R. F. Walters, foreman of the South-
ern Indiana stone crusher came up to
city today.

Washington, who have been here vi-
siting their old friends have returned
home.

John Morledge, of the Central shops
at Ludlow, Ky., came here Friday to
join his wife, who is the guest of her
sister Mrs. George Wolf.

Auditor John Melott, of Lawrence-
burg, and Mr. Renne's who were here
to visit the big street fair returned
last night to Bedford. They say the
fair would well pay anyone to come and
see.

is coming on my wife gives them Cham-
berlain's Remedy and its always pre-

WILLIAM ANDERSON, Manager.

THE RICH RUSSIAN.

He Has a Weakness For an Army of Fam-
ily Servants.

We were a family of 8, occasionally
of 10 or 12 says Prince Kropotkin in
The Atlantic, but 50 servants at Mos-
cow, and half as many more in the
country, were considered not one too
many. Four coachmen to attend a dozen
horses, three cooks for the masters and
two more for the servants, a dozen men
to wait upon us at dinner time—one
man, plate in hand, standing behind
each person seated at the table—and
girls innumerable in the maidservants'
room, but how could any one do with
less than this?

Besides, the ambition of every landed
proprietor was that everything required
for his household should be made at
home by his "own" men.

"How nicely your piano is always
tuned. I suppose Herr Schimmel must
be your tuner?" one of the visitors
would remark.

To be able to answer, "I have my
own piano tuner," was in those times
the correct thing.

"What beautiful pastry!" the guests
would exclaim when a work of art,
composed of ices and pastry, appeared
toward the end of the dinner. "Confess,
prince, that it comes from Tremble"
(the fashionable pastry cook).

"It is my own confectioner, a pupil
of Tremble, whom I have allowed to
show what he can do," was the reply
which elicited general admiration.

To have embroideries, harnesses, fur-
niture—in fact everything—made by
one's "own" men was the ideal of the
rich and respected landed proprietor.

The Professor's Wisdom.

The stern professor of the feminine
preparatory school sat at his desk try-
ing to unravel a knotty problem when
a fluffy haired miss of 16 approached.

"Please, sir," she began in a tremu-
lous voice, "will you grant me permis-
sion to go out riding with my brother
this afternoon?"

Now, the old man had not forgotten
the days of his youth, neither was he a
fool, and looking over his spectacles he
slowly said:

"So you want to go riding with your
brother, do you? By the way, is this
brother of yours any relation to you?"

THE SEYMOUR STEAM LAUNDRY.

Our Street Fair Song.

We set the pace, and from one point
Our banner shall not fall—
We fling it to the breeze and reach
Some higher than them all!

Our wagon flies round Seymour town
Each hour of every day,
Depositing and picking up
All LAUNDRY on the way.

We do not boast, and still we say,
Let business clubs or fail—
That of the laundries of the town
THE SEYMOUR leads them all.

We've got the best machinery,
With steadfast hands galore;
We always make your linen shine
Like seafoam on the shore.

And when it comes to quickness
Let us here politely state,
That we have hustled from the start
At a royal rapid gait.

We do not wear your garments out.
Nor wash them out of line—
Your pair of ten-cent socks don't get
A shade of work less fine—

Than your embroidered linen,
Regardless of the quantity
Some folks are in who yawn and yell
Against the SEYMOUR LAUNDRY.

So when our free street fair is over
Don't fling this to the dirt;
But keep it so that you may know
The place to send your shirt.

DR. PRICE'S CREAM BAKING POWDER

THE LAST DAY

THE STREET FAIR WILL END TO NIGHT

Has been Remarkably Successful though Fair has Interfered the Last Two Day.—More of the Award.

This evening will close a remarkably successful street fair in this city. Despite the rain of yesterday, the crowd was large and in the evening the better weather permitted the shows on the large stages to be given and these were witnessed by large crowds.

The soldiers' meeting held in the opera house was well attended and was a great success. The addresses made were timely and patriotic, and were well received. At the close a collection amounting to about \$12 was taken to be applied toward the erection of a monument to the memory of the soldiers and marines of the late Spanish war. The large flag offered for the Grand Army post having the largest delegation here, was captured by the Isham Keith post, of Columbus.

This morning, the day began with a steady down-pour of rain, but toward noon, the clouds began to break away, and this afternoon the streets are being thronged with people who have come to witness the close of this very successful street fair. The incoming evening trains will doubtless swell the number in attendance, and make the close of the fair a brilliant success. The flag drill will occur at 6:30 this evening, in which every one is requested to join with a flag. After the shows of the evening, the fair will close with a grand lantern parade about 10 o'clock. Great credit is due to the untiring efforts of the committees who have had charge of the fair, for the splendid success which has been accomplished.

Alligators at Large.

A few days ago C. W. Milhouse had three alligators sent to him from the Florida coast. They were fine specimens, one of them about three feet in length. Charley was proud of his pets and put them on exhibition at his booth this week. Their comeliness from the alligator standpoint attracted much attention and comment during the week. But to them life was not worth the living in a show case so they "flew the coop" last night and are now supposed to be roaming the streets and evading the police. Mr. Milhouse will not be responsible for any children they may devour in their rounds.

Cleveland's BAKING POWDER.

SERIES O.

Stock Should be Taken at Once in the New Series Starting Next Monday.

Next Monday is the time for the starting of Series "O" of the Co-operative Building and Loan Association stock. All who desire stock in the association should see the secretary, W. F. Peter, at once. There is no better way in which small amounts may be saved regularly. Not only is the money saved, but it is placed on interest from the time it is paid into the association, and this helps to increase the savings. Every stockholder in the association shares in the profits of the business in the exact proportion of the value of the stock which he holds. Then the fact that the savings are in small amounts and regularly every week, makes it possible for any one easily to accumulate a snug little sum in a few years for the purchase of a home, or investment in business. Many a man has been enabled to purchase and pay for a home through the building association, who would not otherwise have done so. The two series of this association that have matured have done so in less than six years. The total amount of money paid in on these shares including the membership fees was about \$75 and the value of the shares at the end of the time in one series was \$100.40 and in the other, \$100.25, making the profit on the money invested for the quoted time nearly 10 per cent per year. If you want a part of this investment, see W. F. Peter, the secretary at once. Series "O" starts Monday.

Our little boy was afflicted with rheumatism in his knee; and at times unable to put his foot to the floor. We tried in vain, everything we could hear of that we thought would help him. We almost gave up in despair, when some one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave so much relief that we got a second one, and, to our surprise, it cured him sound and well.—J. T. Bays, Pastor Christian Church, Neodesha, Kan.—For Sale by C. W. Milhouse.

HIGH SCHOOL ITEMS.

About half of the teachers of Redding township are graduates of the Seymour High School.

Of the non-residents in the High School this year Redding township furnishes thirteen and it is a "Lucky" number.

The work this week has gone on as usual in spite of the free street fair. By shortening the periods all lessons were heard in the forenoons after Monday.

Those who remained at their posts have strengthened themselves while those who deserted have lost what can not be regained.

The literary exercises were given Friday as usual. Several visitors were present. The Patriot was true to its name and the exercises were creditable. The talk on the "Best Features of the Street Fair" deserves special mention.

THAT JOYFUL FEELING.

With the exhilarating sense of renewed health and strength and internal cleanliness, which follows the use of Syrup of Figs, is unknown to the few who have not progressed beyond the old-time medicines and the cheap substitutes sometimes offered but never accepted by the well-informed. Buy the genuine. "Manufactured by the California Fig Syrup Co."

Pianos and Organs

It will be well worth your while to call at S. V. Harding's during the week of the great free street fair, and examine the finest line of pianos and organs ever shown in this city.

"Pure and Sure."

SWEDEN'S SWEDISH INSTRUCTIONS.

It was in an aristocratic Hyde Park home. The well trained English butler had left, and the newly engaged man, a Swede, was in process of breaking in. Callers came, and he took the cards to his mistress in his ungloved hands, leaving the silver card tray resting quietly in the hall.

"When you bring things in here, Swenson," said she, "use the tray. It is not proper to bring them in your hands."

"Yaas," he replied. Mrs. H. Park had a new toy terrier. The guests wished to see it, and she sent for Swenson to fetch it.

Soon there was a succession of staccato yelps and whines. The door opened, a very red faced Swenson appeared with the silver tray in his left hand and a tiny dog terrier held firmly down on it with the other.—London Globe.

An Old Friend.

A gentleman, while traveling on a certain railway, got out at a station where the train stopped for a few minutes and entered the refreshment room. His eyes resting on a basket containing buns, he suddenly burst into tears. The sympathetic attendant gently asked him what was the matter and elicited the following touching explanation: "Pray excuse my emotion. Two years ago I was traveling on this line on my honeymoon. My wife came into this refreshment room and scratched our initials on a bun which I see in this basket. I beg you to let me have it as a tender souvenir. Here is half a dollar."

—New York Ledger.

The Editor's Protest.

The editor of The Clarion was a very patient man. A startling crash from the direction of the composing room caused him to push his spectacles upon his brow and cease writing. When he found that the boy had let the first page form fall on the floor, where it lay in an incoherent mass, he shook his head reproachfully and exclaimed: "Lemuel, I do wish that you could manage to break the news more gently."

—Washington Star.

More Solemn Still.

"It is a solemn thing," said the young man, "when a woman trusts a man with her affections."

"It ain't so solemn," said the man with the dry goods necktie, "as when she won't trust him with his own wages."

—Indianapolis Journal.
